

— FOR CORPORATE EMPLOYEES

Global investing, built for the people who *build your company.*

A turnkey global wealth programme for your senior talent. Onshore custody, ESOP and RSU advisory, and financial wellness delivered at scale.

- GIFT City anchored
- IFSCA regulated
- Onshore custody
- AI native platform

— INTRODUCTION

An *AI native* global investment platform, anchored onshore in India.

VALURA INDIA

*22+ global markets,
anchored onshore.*

10,000+

Clients already served across the Valura platform globally

\$100M+

Assets under management across the group, and growing

22+

Global markets accessible, including pre IPO and structured products

01 GIFT City anchored

One of the first platforms built at scale inside India's international financial hub. Dual regulated by SEBI and IFSCA.

02 Onshore custody

Assets held in India, not in foreign brokerage accounts. Eliminates US estate tax exposure for your senior employees.

03 Dedicated advisory

RSU, ESOP and estate advisory built for senior talent, with automated tax reports and world class research.

04 Proven at scale

10,000+ clients and \$100M+ AUM in the UAE. Now purpose built for India's corporate workforce.

— UNSEEN RISK

A 40% ESTATE TAX

Sits Quietly On Your Team's *US Situs Assets*.

RSUs and ESOPs held in US brokerage accounts are treated as US situs assets. On an untimely demise, the family inherits 60 cents on the dollar, after a process that can take years.

US BROKERAGE ACCOUNT

Today's default path

40%

Federal estate tax
on US situs assets held abroad

- ✗ US estate tax exposure above a **\$60,000** threshold for non residents
- ✗ Probate process can take **18 to 24 months**
- ✗ Foreign compliance, remittance and tax filings fall on the family
- ✗ Currency and repatriation friction at the worst possible moment

\$1M in RSUs becomes roughly **\$600K** for the family after estate tax.

VALURA · ONSHORE CUSTODY

The Valura path

0%

US estate tax exposure
Assets custodied in India

- ✓ Assets custodied in India. No US situs, no 40% haircut
- ✓ Succession handled under **Indian succession law**
- ✓ Dedicated RSU, ESOP and estate advisory for every senior employee
- ✓ Automated tax reports, compliance and documentation

\$1M in RSUs stays **\$1M** for the family. No estate tax drag.

— ACCESS & ALIGNMENT

Employee owners don't just work harder. They *stay longer* and ship more.

When employees hold a real stake, incentive and outcome align. The data on ownership is unusually consistent across geographies, sectors and company sizes.

4×

Faster revenue growth at broad based employee owned firms versus peers

33%

Higher median household wealth for employee owners

2.3×

Lower voluntary attrition at ownership firms versus comparable peers

+4%

Productivity uplift in the three years following an ESOP grant

Valura gives every senior employee a single, onshore gateway to **22+ global exchanges** — US, UK, Europe, Japan, GCC and India, alongside pre IPO and structured products. Ownership stops being a line on a CTC sheet and becomes a real, diversified portfolio they can hold, track and grow.

Productivity index over time

Indexed to 100 at grant · illustrative

— With ownership — Without

From *scattered* to *sorted*, in one diagnostic.

THE REALITY

The Hidden Cost of Financial Distraction

When your top talent spends office hours managing fragmented investments, it creates a massive cognitive tax on your business.

PRODUCTIVITY DRAIN (AVG. SENIOR PROFILE)

Time lost daily ~45 mins

Time lost annually 198 hours

Est. hourly CTC ₹1,200

Annual Loss per Employee ₹2.37 Lakhs

THE VALURA SOLUTION

Turnkey Wealth Management

- ✓ **Zero-Touch Portfolios:** Fully managed, globally diversified wealth management completely removes the need for daily tracking.
- ✓ **Reclaimed Bandwidth:** Employees stop worrying about the markets and redirect 100% of their focus back to building your company.
- ✓ **Executive Retention:** Provide a true, high-value premium benefit that solves a major personal pain point for your top talent.

EMPLOYER ROI

Reclaim productivity worth:

₹2.37 Cr ANNUALLY / 100 EMP.

Sources: Average CTC and productivity statistics modeled on industry benchmarks for Indian Senior IT Professionals (2024-25).
